INDEX

A BRAND OF

Technology and innovation driving high-end product design

^{EN} All great creation requires great expertise. At NOËL & MARQUET functionality meets aesthetics, design meets innovation and tradition meets modernity. With over 70 years of experience and passion in crafting fine design elements, we take pride in our unparalleled know-how, cutting-edge processes and state-of-the-art technology.

Four qualities. Four product ranges. For every area of the wall, a tailor-made finish.

Our ARSTYL[®], WALLSTYL[®], NOMASTYL[®] and DOMOSTYL[®] products present distinct technical and aesthetic properties to best fulfil every need and optimally deal with every situation.

Technologie et innovation au service du design de produits premium

^{FR} Toute grande création requiert une grande expertise. Chez NOËL & MARQUET, la fonctionnalité rencontre l'esthétique, le design l'innovation et la tradition la modernité. Avec plus de 70 ans d'expérience et de passion dans la fabrication d'éléments de design raffinés, nous sommes fiers de notre savoir-faire inégalé, de nos processus modernes et de notre technologie de pointe.

Quatre qualités. Quatre gammes de produits. Pour chaque partie du mur, une finition adaptée.

Nos produits ARSTYL[®], WALLSTYL[®], NOMASTYL[®] et DOMOSTYL[®] présentent des propriétés techniques et esthétiques distinctes afin de répondre au mieux à chaque besoin et à chaque situation.

Tecnología e innovación al servicio del diseño de productos de gama alta

^{ES} Toda gran creación requiere un gran saber hacer. En NOËL & MARQUET la funcionalidad se une a la estética, el diseño a la innovación y la tradición a la modernidad. Con más de 70 años de experiencia y pasión en la elaboración de elementos de diseño fino, nos enorgullecemos de nuestro incomparable saber hacer, nuestros procesos de vanguardia y nuestra tecnología punta.

Cuatro calidades. Cuatro gamas de productos. Para cada zona de la pared, un acabado a medida.

Nuestros productos ARSTYL[®], WALLSTYL[®], NOMASTYL[®] y DOMOSTYL[®] presentan propiedades técnicas y estéticas distintas para satisfacer mejor cada necesidad y afrontar de forma óptima cada situación.

Tecnologia e inovação ao serviço da conceção de produtos topo de gama

^{PT} Toda a grande criação exige um grande saber-fazer. Na NOËL & MARQUET, a funcionalidade encontra a estética, o design encontra a inovação e a tradição encontra a modernidade. Com mais de 70 anos de experiência e paixão na criação de elementos de design de qualidade, orgulhamo-nos do nosso know-how inigualável, dos nossos processos de ponta e da nossa tecnologia de ponta.

Quatro qualidades. Quatro gamas de produtos. Para cada zona da parede, um acabamento à sua medida.

Os nossos produtos ARSTYL[®], WALLSTYL[®], NOMASTYL[®] e DOMOSTYL[®] apresentam propriedades técnicas e estéticas distintas para responder da melhor forma a cada necessidade e a cada situação.

ARSTYL®

the love of detail

^{EN} Our ARSTYL® profiles, wall panels, wall tiles and other design elements are characterised by sharp levels of detail, reminiscing the work of master craftsmen and the refined precision of traditionally hand-carved mouldings.

These elements are made by means of a foaming process. High-density polyurethane foam (PU) is injected into shaped aluminium moulds resulting in precisely manufactured design elements. This process offers unlimited creative potential, enabling the crafting of slick and clean mouldings as well as ornate and wildly detailed ones. All ARSTYL® elements are resistant to impacts and the profiles also benefit from a B – s2 d0 fire classification.

ARSTYL®, l'amour du détail

^{FR} Nos profilés, panneaux muraux, éléments muraux et rosaces ARSTYL® se caractérisent par un niveau de détail élevé, rappelant le travail des maîtres artisans et la précision affinée des moulures traditionnellement taillées à la main. Ces éléments sont fabriqués au moyen d'un processus de moussage. De la mousse de polyuréthane haute densité (PU) est injectée dans des moules en aluminium formés, ce qui permet d'obtenir des éléments de design fabriqués avec précision. Ce procédé offre un potentiel créatif illimité, permettant de réaliser des moulures lisses et épurées ainsi que des pièces ornées et richement détaillées. Tous les éléments ARSTYL® sont résistants aux chocs et les profilés bénéficient également d'un classement au feu B - s2 d0.

ARSTYL®, por amor al detalle

^{ES} Nuestros productos ARSTYL® se caracterizan por su gran nivel de detalle, que recuerda el trabajo de los maestros artesanos y la refinada precisión de las molduras talladas a mano tradicionalmente. Estos perfiles se fabrican mediante un proceso de espumado. La espuma de poliuretano de alta densidad (PU) se inyecta en moldes de aluminio conformados, dando como resultado elementos de diseño fabricados con precisión. Este proceso ofrece un potencial creativo ilimitado, ya que permite elaborar molduras lisas y limpias, así como ornamentadas y salvajemente detalladas. Los perfiles, paneles de pared, elementos de pared y otros elementos de diseño ARSTYL® también se benefician de una clasificación al fuego B - s2 d0 y son resistentes a los impactos.

ARSTYL®, por amor ao pormenor

^{PT} Os nossos produtos ARSTYL® caracterizam-se por um elevado nível de pormenor, fazendo lembrar o trabalho de mestres artesãos e a precisão refinada das molduras tradicionalmente esculpidas à mão. Estes perfis são fabricados através de um processo de espumação. A espuma de poliuretano de alta densidade (PU) é injectada em moldes de alumínio moldados, resultando em elementos de design fabricados com precisão. Este processo oferece um potencial criativo ilimitado, permitindo a criação de moldes lisos e limpos, bem como de moldes ornamentados e extremamente detalhados. Os perfis, painéis de parede, elementos de parede e outros elementos de design ARSTYL® também beneficiam de uma classificação de fogo B - s2 d0 e são resistentes a impactos.

WALLSTYL®

robust and resistant

^{EN} This range is defined by the products' robustness and resistance to impact and humidity. Our WALLSTYL® profiles are true multi-talents suited to every part of the wall and every room of your home, even damp environments such as kitchens, bathrooms, spas or bars.

WALLSTYL® elements are manufactured via an extrusion process, whereby polystyrene is shaped into high-density (HDPS) shock-resistant decorative profiles. This material is the most solid within our ranges, making it perfect for impact-prone profiles such as skirtings or chair rails.

WALLSTYL®, robuste et résistant

^{FR} Cette gamme se démarque par la robustesse des produits et leur résistance aux chocs et à l'humidité. Nos profilés WALLSTYL® sont de véritables multi-talents adaptés à tous les pans de murs et à toutes les pièces de votre maison, même les environnements humides tels que les cuisines, les salles de bains, les spas ou les bars.

Les éléments WALLSTYL® sont fabriqués par un procédé d'extrusion, par lequel le polystyrène est modelé en profilés décoratifs haute densité (HDPS) résistants aux chocs. Ce matériau est le plus solide de nos gammes, ce qui le rend parfait pour les profilés susceptibles de subir des impacts, tels que les plinthes ou les cimaises.

WALLSTYL®, robusto y resistente

^{ES} Esta gama se define por la robustez de los productos, su resistencia a los impactos y a la humedad. Nuestros perfiles WALLSTYL® son auténticos multifunción que se adaptan a cualquier parte de la pared y a cualquier estancia de su hogar, incluso a ambientes húmedos como cocinas, baños, spas o bares.

Los elementos WALLSTYL® se fabrican mediante un proceso de extrusión, en el que el poliestireno se moldea en perfiles decorativos de alta densidad (HDPS) resistentes a los golpes. Este material es el más resistente dentro de nuestras gamas, por lo que es perfecto para perfiles propensos a los impactos, como zócalos o guardasillas.

WALLSTYL®, robusto e resistente

^{PT} Esta gama define-se pela robustez dos produtos e pela sua resistência aos choques e à humidade. Os nossos perfis WALLSTYL® são verdadeiros multitalentos adaptados a cada parte da parede e a cada divisão da sua casa, mesmo em ambientes húmidos como cozinhas, casas de banho, spas ou bares.

Os elementos WALLSTYL® são fabricados através de um processo de extrusão, pelo qual o poliestireno é moldado em perfis decorativos de alta densidade (HDPS) resistentes ao choque. Este material é o mais sólido das nossas gamas, o que o torna perfeito para perfis sujeitos a impactos, como rodapés ou guardas cadeiras.

NOMASTYL®

featherweight finish

^{EN} These light profiles which are easy to cut and install strike a good price-to-quality balance to accommodate all kinds of budgets. They are also resistant to humidity making them suitable for all indoor environments.

Designed for specific ceiling applications our NOMASTYL® range makes the perfect compromise, with polystyrene (PS) extruded at a medium density (therefore using less raw materials) whilst guaranteeing a smooth finish and a long-lasting quality.

NOMASTYL®, finition poids plume

^{FR} Ces profils légers, faciles à découper et à installer, présentent un bon rapport qualité/prix et conviennent à tous les types de budgets. Ils sont également résistants à l'humidité, ce qui les rend adaptés à tous les environnements intérieurs.

Conçue pour des applications de plafonds spécifiques, notre gamme NOMASTYL® offre un compromis parfait, avec du polystyrène (PS) extrudé à une densité moyenne (ce qui permet d'utiliser moins de matières premières) tout en garantissant une finition lisse et une qualité durable.

NOMASTYL®, acabado de peso pluma

^{ES} Estos perfiles ligeros, fáciles de cortar e instalar, ofrecen una buena relación calidad-precio para adaptarse a todo tipo de presupuestos. También son resistentes a la humedad, lo que los hace adecuados para todos los ambientes interiores.

Diseñados para aplicaciones específicas en techos, nuestros perfiles de la gama NOMASTYL® constituye el compromiso perfecto, con poliestireno (PS) extruido a una densidad media (por lo que utiliza menos materias primas), al tiempo que garantiza un acabado liso y una calidad duradera.

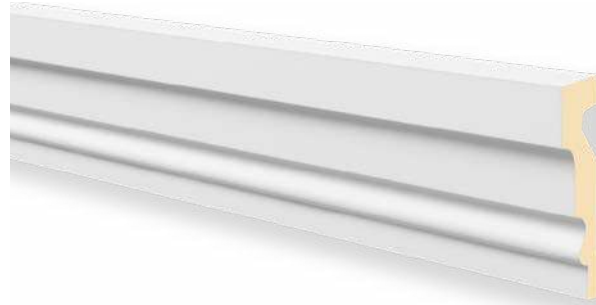

NOMASTYL®, acabamento leve como uma pluma

^{PT} Estes perfilados leves, fáceis de cortar e de instalar, apresentam uma boa relação qualidade/preço para se adaptarem a todos os orçamentos. Além disso, são resistentes à humidade, o que os torna adequados para todos os ambientes interiores.

Concebida para aplicações específicas de tectos, a nossa gama NOMASTYL® constitui o compromisso perfeito, com o poliestireno (PS) extrudido a uma densidade média (utilizando assim menos matérias-primas), garantindo ao mesmo tempo um acabamento suave e uma qualidade duradoura.

DOMOSTYL®

weatherproof outdoor profiles

^{EN} This range of façade profiles is first and foremost designed to withstand all types of weather conditions. In this sense, all DOMOSTYL® profiles, are impact-resistant, water-resistant, and long-lasting making it possible to also give façades a unique and individual touch. These outdoor profiles are made from high-density polyurethane (PU) by means of a foaming process also enabling good levels of details. Moreover, the profiles are covered with a reinforcing sheet to increase their longevity and with an acrylic primer to ensure a better adhesion of the final coating.

DOMOSTYL®, profilés d'extérieur résistants aux intempéries

^{FR} Cette gamme de profilés de façade est avant tout conçue pour résister à toutes sortes de conditions météorologiques. En ce sens, tous les profilés DOMOSTYL®, sont résistants aux chocs, à l'eau et pérennes, permettant ainsi de donner aux façades une touche unique et individuelle. Ces profilés d'extérieur sont fabriqués à partir de polyuréthane (PU) haute densité au moyen d'un processus de moussage permettant de bons niveaux de détails. De plus, les profilés sont recouverts d'une feuille de renfort pour augmenter leur longévité et d'un apprêt acrylique pour assurer une meilleure adhérence du revêtement final.

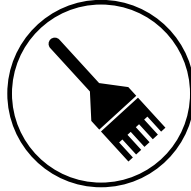

DOMOSTYL®, perfiles exteriores resistentes a la intemperie

^{ES} Esta gama de perfiles para fachadas está diseñada, ante todo, para soportar todo tipo de condiciones climáticas. En este sentido, todos los perfiles DOMOSTYL®, son resistentes a los impactos, impermeables y duraderos, lo que permite dar también a las fachadas un toque único e individual. Estos perfiles para exteriores se fabrican con poliuretano (PU) de alta densidad mediante un proceso de espumado que también permite obtener buenos niveles de detalle. Además, los perfiles se cubren con una lámina de refuerzo para aumentar su longevidad y con una imprimación acrílica para garantizar una mejor adherencia del revestimiento final.

DOMOSTYL®, perfis de exterior resistentes às intempéries

^{PT} Esta gama de perfis de fachada foi concebida, antes de mais, para resistir a todos os tipos de condições climáticas. Neste sentido, todos os perfis DOMOSTYL® são resistentes aos choques, à água e duradouros, o que permite também dar um toque único e individual às fachadas. Estes perfis de exterior são fabricados em poliuretano (PU) de alta densidade, através de um processo de espumação que permite igualmente um bom nível de pormenorização. Além disso, os perfis são revestidos com uma folha de reforço para aumentar a sua longevidade e com um primário acrílico para garantir uma melhor aderência do revestimento final.

EN All our products are primed, ready for the individual finishing coat and made in Belgium.

FR Tous nos produits sont recouverts d'une couche de primer, prêts pour la couche de finition individuelle et fabriqués en Belgique.

ES Todos nuestros productos están imprimados, listos para el acabado final, y se fabrican en Bélgica.

PT Todos os nossos produtos são preparados, prontos para o revestimento de acabamento individual e fabricados na Bélgica.

Cornices

^{EN} Create a completely new spatial effect with our cornices. They create an elegant and aesthetic transition between walls and ceilings. The spatial effect can vary depending on the cornice and the mounting. Cornices – many of which are for that matter suitable for the integration of direct or indirect lighting – can moreover be used to conceal unsightly transitions, cracks and smaller cables.

Moulures de plafond

^{FR} Grâce à nos moulures de plafond, vous pouvez changer à volonté l'ambiance de votre espace intérieur. Elles forment une transition esthétique et élégante entre le mur et le plafond. L'impression d'espace varie selon le profilé et la disposition de la moulure. Les moulures de plafond, dont beaucoup conviennent à l'intégration d'un éclairage direct ou indirect, vous permettent aussi de dissimuler les passages, fissures et petits câbles inesthétiques.

Molduras de techo

^{ES} Gracias a nuestras molduras de techo, puede cambiar a voluntad la atmósfera de su espacio interior. Forman una transición estética y elegante entre la pared y el techo. El efecto espacial varía según el perfil y la disposición de la moldura. Las molduras de techo, muchas de las cuales son adecuadas para integrar la iluminación directa e indirecta, también le permiten ocultar pasajes antiestéticos, grietas y pequeños cables.

Sancas

^{PT} Crie um efeito espacial completamente novo com as nossas sancas. Criam uma transição elegante e estética entre paredes e tetos. O efeito espacial pode variar dependendo da sanca e da montagem. As sancas, muitas das quais adequadas para a integração de iluminação direta e indireta, também permitem esconder passagens, fissuras e pequenos cabos inestéticos.

Panel Mouldings

^{EN} The versatile panel mouldings from NOËL & MARQUET decorate, shape and embellish your walls by framing, outlining and dividing into fields. They are light and easy to install. Thanks to a primer, they can be painted over immediately and provide excellent protection against shocks thanks to their high material density.

Cimaises

^{FR} Les différentes cimaises de NOËL & MARQUET ornent, structurent et embellissent vos murs par des encadrements, délimitations et compartimentages. Elles sont faciles à installer. Grâce à l'application d'une couche de primaire en usine, vous pouvez les peindre immédiatement. Par ailleurs, la haute densité du matériau vous offre une excellente résistance aux chocs.

Cimacios

^{ES} Los cimacios s NOËL & MARQUET decoran, dan forma y embellecen tus paredes mediante marcos, revestimientos y divisiones de campos. Son ligeros y de fácil instalación. Gracias a que ya llevan una pintura de imprimación en fábrica, pueden ser pintados inmediatamente después de su colocación. Por su alta densidad, proporcionan, además, una excelente resistencia a los golpes.

Guarda cadeiras

^{PT} As diferentes molduras guarda cadeiras da NOËL & MARQUET adornam, estruturam e embelezam as suas paredes com enquadramentos e delimitações. São leves e fáceis de instalar. Graças à aplicação de uma subcamada na fábrica, você pode pintá-las imediatamente; a alta densidade de seu material oferece uma excelente resistência contra os choques.

Skirtings

^{EN} The basis for individual interiors: NOËL & MARQUET skirtings are suitable for all interiors and constitute indispensable design elements! Particularly shock and water proof as well as resistant to moisture, they are just perfect for the bathroom. They are paintable and thus the ideal combination for every floor covering.

Plinthes

^{FR} La base pour la personnalisation des espaces de vie : les plinthes NOËL & MARQUET conviennent à toutes les pièces et sont des éléments décoratifs indispensables ! Particulièrement résistantes aux chocs et à l'humidité, elles conviennent aussi parfaitement pour la salle de bain. Prêtes à peindre, elles constituent le complément idéal à tout revêtement de sol.

Zócalos

^{ES} La base para la personalización de los espacios habitables: los zócalos NOËL & MARQUET son adecuados para todas las habitaciones y son elementos decorativos esenciales. Particularmente resistentes al choque y la humedad, son ideales para el baño. Recuperables, son el complemento ideal para cualquier revestimiento de suelo.

Rodapés

^{PT} A base para a personalização dos espaços de vida: os rodapés NOËL & MARQUET são adequados para todas as divisões e constituem um elemento essencial do design! Particularmente resistente aos choques, à água e humidade, também são perfeitos para a casa de banho. Podem ser pintados, são o complemento ideal para qualquer revestimento de piso.

EN Our skirtingboards have been awarded with the German quality label "Blauer Engel" as low-emission and safe to health products.

FR Nos plinthes ont obtenu le label environnemental allemand "Blauer Engel" en tant que produits à faible émission et sans danger pour la santé.

ES Nuestros zócalos ostentan ahora el distintivo de calidad "Blauer Engel" (Ángel Azul) del gobierno alemán como productos de bajas emisiones que no generan riesgos para la salud.

PT Os nossos rodapés levam o rótulo ecológico alemão "Blauer Engel" (Anjo azul) por ser um produto de baixa emissão que não coloca em risco a saúde.

Cover Skirtings

Surplinthes de rénovation

Cubre zócalos

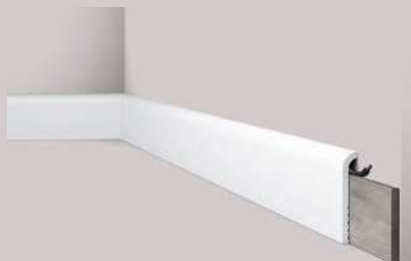

Cubre rodapés

EN With our cover skirtings, renovations become simple: old profiles and tiles are easily covered without having to resort to expensive prior removal – a big relief.

FR Grâce à nos surplinthes, la rénovation devient un jeu d'enfant : elles vous facilitent considérablement le travail, en vous permettant de recouvrir simplement vos anciennes plinthes en bois et en carrelage, au lieu de devoir les enlever au préalable, ce qui s'avère souvent fastidieux!

ES Gracias a nuestros cubre zócalos, la renovación se convierte en un juego de niños: hacen que su trabajo sea mucho más fácil, al permitirle simplemente cubrir los zócalos de madera o de cerámica ya existentes, en lugar de tener que eliminarlos primero, evitando así costes innecesarios en la retirada de los mismos que en muchos casos son difíciles y engorrosos de quitar.

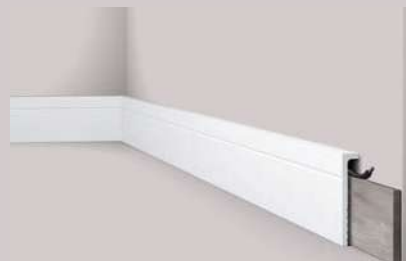

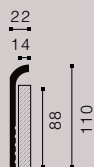

PT Com os nossos cubre rodapés, as renovações tornam-se muito fáceis. Os rodapés antigos e os azulejos são facilmente cobertos sem ter que recorrer a uma remoção prévia e cara, um verdadeiro alívio!

Finished Skirtings

Plinthes avec peinture de finition

Zócalos con pintura de acabado

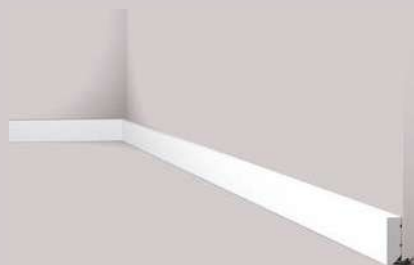

Rodapés com acabamento de tinta

EN Finished skirtings are particularly suitable for bigger projects. The profiles are factory finished in white (\approx RAL 9016), the colour most frequently used for walls. You can order all our skirting's factory finished in many RAL or NCS colours (minimum order 500 linear metres).

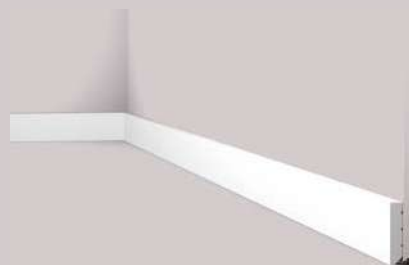

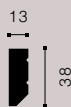

ES Los zócalos con pintura de acabado son particularmente adecuados para grandes proyectos. Están pre-pintados de fábrica en blanco (\approx RAL 9016), el color de pared más común. También tiene la opción de solicitar nuestros zócalos en muchos colores RAL o NCS (a partir de 500 metros).

FR Les plinthes avec peinture de finition conviennent tout particulièrement aux grands projets. Elles sont pré-peintes en usine en couleur blanc (\approx RAL 9016), la couleur murale la plus fréquente. Vous avez la possibilité de commander toutes nos plinthes dans de nombreuses couleurs RAL ou NCS de votre choix (à partir de 500 mètres courants).

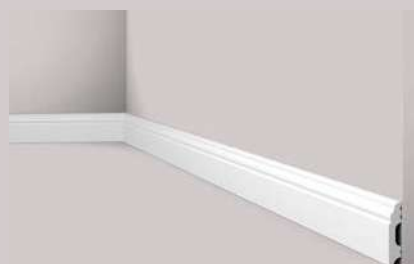

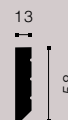

PT Os rodapés com acabamento de tinta são particularmente adequados para projetos maiores. Os rodapés são pintados na fábrica em branco (\approx RAL 9016) - a cor mais usada para paredes. Também tem a opção de solicitar os nossos rodapés em várias cores RAL ou NCS(a partir de 500 metros).

Flexible Profiles

^{EN} To make your design ideas an unmitigated success, NOËL & MARQUET offers profiles that fit flexibly on predefined forms: columns, arches or rounded edges, without any concessions to the usual resistance to shocks.

Profilés flexibles

FR Pour répondre au mieux à vos idées de décoration intérieure, NOËL & MARQUET vous propose des profilés qui s'adaptent en souplesse à des formes spécifiques (colonnes, arcs ou coins arrondis) et ce, en conservant leur résistance habituelle aux chocs.

Perfiles flexibles

ES Para satisfacer mejor sus ideas de diseño de interiores, NOËL & MARQUET ofrece perfiles que se adaptan de manera flexible a formas específicas (columnas, arcos o esquinas redondeadas) y esto, al mismo tiempo que mantienen su resistencia al impacto habitual.

Perfis flexíveis

PT Para atender a todas as suas ideias de decoração de interiores, a NOËL & MARQUET oferece perfis que se adaptam de forma flexível a formas predefinidas (colunas, arcos ou cantos arredondados) sem sacrificar a resistência aos choques habitual.

Black Profiles

^{EN} Firm lines, pronounced architecture, unambiguous design. From bold statements and contrasting features to slick finishes and monochrome designs, anything and everything is possible with the colour black. Whatever the environment, whatever the style; our BLACK collection helps create elegant, timeless and unique interiors.

Profilés noirs

^{FR} Des lignes nettes, une architecture prononcée, un design sans ambiguïté. Des expressions fortes et des contrastes aux finitions élégantes et aux designs monochromes, tout est possible avec la couleur noire. Quel que soit l'environnement, quel que soit le style, notre collection BLACK permet de créer des intérieurs élégants, intemporels et uniques.

Perfiles negros

^{ES} Líneas firmes, destacados detalles arquitectónicos y un diseño sin ambigüedades. Desde diseños audaces con características en contrastante hasta acabados elegantes y diseños monocromáticos, todo es posible con el color negro. No importa la ocasión ni el estilo; nuestra colección BLACK ayuda a crear interiores atemporales, elegantes, y únicos.

Perfis pretos

^{PT} Linhas firmes, arquitetura pronunciada, design sem ambiguidades. Desde afirmações ousadas e características contrastantes a acabamentos elegantes e designs monocromáticos, tudo é possível com a cor preta. Seja qual for o ambiente, seja qual for o estilo, a nossa coleção BLACK ajuda a criar interiores elegantes, intemporais e exclusivos.

1 IL12 BLACK

2 FT2 BLACK

Black diffusor

EN The black diffusor is almost invisible when the LED lights are off and creates a completely different shade of light when they are on. By absorbing more light than its white variant, the black diffusor emits a uniform, soft light avoiding a clash of brightness with black profiles.

FR Le diffuseur noir est presque invisible quand les lampes LED sont éteintes et crée une nuance complètement différente quand elles sont allumées. En absorbant plus de lumière que sa déclinaison blanche, le diffuseur noir émet une lumière uniforme et douce et évite le choc de luminosité avec les profilés noirs.

ES El difusor negro es casi invisible cuando las luces LED están apagadas y crea un tono de luz completamente diferente cuando están encendidas. Al absorber más luz que su variante blanca, el difusor negro emite una luz suave y uniforme, evitando el choque de brillos con los perfiles negros.

PT O difusor preto é praticamente invisível quando as luzes LED estão apagadas e cria uma sombra de luz totalmente diferente quando estão ligadas. Ao absorver mais luz do que a sua versão branca, o difusor preto emite uma luz suave uniforme, evitando a oposição de luminosidade com perfiles pretos.

White diffusor

EN Fitted as standard with a black diffusor, the IL10, IL11 and IL12 BLACK profiles can also be provided with a white diffusor **on demand** for more intense and contrasting lighting effects.

FR Equipés par défaut d'un diffuseur noir, les profilés IL10, IL11 et IL12 BLACK peuvent également être fournis avec un diffuseur blanc **sur demande** pour des effets lumineux plus intenses et contrastés.

ES Equipados con un difusor negro, los perfiles de los zócalos IL10, IL11 e IL12 BLACK también pueden instalarse con un difusor blanco, **a petición del cliente**, a fin de lograr efectos de iluminación más intensos y con mayor contraste.

PT Equipados com um difusor preto, os perfis BLACK IL10, IL11 e IL12 podem também ser fornecidos, **por encomenda**, com um difusor branco para efeitos de iluminação mais intensos e contrastantes.

EN This 3 in 1 white acrylic adhesive-filler is suited to the installation, filling and jointing of most WALLSTYL® and ARSTYL® profiles (see table for exceptions) and all NOMASTYL® profiles. The easy-to-work glue can be adjusted up to 10 minutes after application, as well as painted and sanded after drying. Before drying, excess glue can be removed with water, after drying, it must be removed mechanically.

FR Cette colle-enduit acrylique blanche 3 en 1 est adaptée à l'installation, au remplissage et au jointage de la plupart des profilés WALLSTYL® et ARSTYL® (voir le tableau pour les exceptions) et de tous les profilés NOMASTYL®. La colle facile à travailler peut être ajustée jusqu'à 10 minutes après application ainsi que peinte et poncée après séchage. Avant le séchage, l'excès de colle peut être retiré avec de l'eau, après le séchage, il doit être retiré mécaniquement.

ES Este adhesivo-relleno acrílico blanco 3 en 1 es adecuado para la instalación, el relleno y la unión de la mayoría de los perfiles WALLSTYL® y ARSTYL® (véase la tabla de excepciones) y de todos los perfiles NOMASTYL®. El adhesivo fácil de trabajar puede ajustarse hasta 10 minutos después de su aplicación, y pintarse y lijarse después del secado. Antes del secado, el exceso de cola puede eliminarse con agua; después del secado, debe eliminarse mecánicamente.

PT Este adesivo-enchimento acrílico branco 3 em 1 é adequado para a instalação, enchimento e junção da maioria dos perfis WALLSTYL® e ARSTYL® (ver tabela de exceções) e de todos os perfis NOMASTYL®. O adesivo fácil de trabalhar pode ser ajustado até 10 minutos após a aplicação, e pintado e lixado após a secagem. Antes da secagem, o excesso de cola pode ser removido com água; após a secagem, deve ser removido mecanicamente.

EN This white neutral and elastic glue is intended for applications that require stronger adhesion such as the installation of profiles from our FLEX range, cover skirtings or wall panels as well as all WALLSTYL® and ARSTYL® profiles when fixed on non-absorbent surfaces (full list in table). ADEFIX® PLUS must also be used for all indirect lighting profiles and one-sided installations. ADEFIX® PLUS cannot be sanded or painted and must always be finished with ADEFIX®.

FR Cette colle blanche, neutre et élastique est destinée aux applications nécessitant une plus forte adhérence telles que l'installation des profilés de notre gamme FLEX, des surplinthés ou des panneaux muraux ainsi que de tous les profilés WALLSTYL® et ARSTYL® lorsqu'ils sont fixés sur des surfaces non absorbantes (liste complète dans le tableau). ADEFIX® PLUS doit également être utilisé pour tous les profilés pour éclairage indirect et les installations des profilés sur une seule surface de collage. ADEFIX® PLUS ne peut pas être poncé ou peint et doit toujours être fini avec ADEFIX®.

ES Esta cola blanca neutra y elástica está destinada a aplicaciones que requieren una mayor adherencia, como la instalación de perfiles de nuestra gama FLEX, cubre zócalos o paneles de pared, así como todos los perfiles WALLSTYL® y ARSTYL® cuando se fijan sobre superficies no absorbentes (lista completa en la tabla). ADEFIX® PLUS también debe utilizarse para todos los perfiles para iluminación indirecta e instalaciones unilaterales. ADEFIX® PLUS no se puede lijar ni pintar y debe acabarse siempre con ADEFIX®.

PT Esta cola branca neutra e elástica destina-se a aplicações que requerem uma adesão mais forte, como a instalação de perfis da nossa gama FLEX, tapa-rodapés ou painéis de parede, bem como todos os perfis WALLSTYL® e ARSTYL® quando fixados em superfícies não absorventes (lista completa na tabela). ADEFIX® PLUS deve também ser utilizado para todos os perfis para iluminação indireta e instalações unilaterais. ADEFIX® PLUS não pode ser lixado ou pintado e deve ser sempre acabado com ADEFIX®.

DOMOSTYL® HYBRID

290 ml

DOMOSTYL®

ART.NR. 3000978
EAN 5412938844253

EN This MS polymer based neutral mastic adhesive is intended for the installation, filling and jointing of our DOMOSTYL® façade profiles.

The paste glue presents excellent resistance to all types of weather conditions making it perfect for outdoor use. We recommend applying the glue and installing the façade profiles at outdoor temperatures ranging from +5°C to +28°C.

FR Ce mastic-colle neutre à base de polymère MS convient à la pose, au remplissage et au jointolement de nos profilés de façade DOMOSTYL®. La colle pâteuse présente une excellente résistance à tous les types de conditions météorologiques, ce qui la rend parfaite pour une utilisation en extérieur. Nous recommandons d'appliquer la colle et d'installer les profilés de façade à des températures extérieures comprises entre +5°C et +28°C.

ES Este adhesivo de masilla neutra a base de polímeros MS está destinado a la instalación, relleno y unión de nuestros perfiles de fachada DOMOSTYL®. La cola en pasta presenta una excelente resistencia a todo tipo de condiciones meteorológicas, por lo que es perfecta para su uso en exteriores. Recomendamos aplicar la cola e instalar los perfiles de fachada a temperaturas exteriores comprendidas entre +5°C y +28°C.

PT Este adesivo mastique neutro à base de polímeros MS destina-se à instalação, enchimento e união dos nossos perfis de fachada DOMOSTYL®. A cola em pasta apresenta uma excelente resistência a todos os tipos de condições climáticas, o que a torna perfeita para utilização no exterior. Recomendamos que aplique a cola e instale os perfis de fachada a temperaturas exteriores entre +5°C e +28°C.

Decorate responsibly

Décorez de manière responsable Decora responsablemente Decora responsavelmente

^{EN} Premium quality, high-end design and sustainable development. These are the consistent traits that characterise every one of our NOËL & MARQUET decorative elements.

NOËL & MARQUET is a brand of the NMC Group, a family-owned company that puts sustainability at the heart of everything we do. In line with our group's sustainability strategy, we have directed and concentrated our efforts on three focus areas, namely circularity, decarbonisation and empowerment.

^{FR} Qualité premium, design haut de gamme et développement durable. Voilà les traits constants qui caractérisent chacun de nos éléments décoratifs NOËL & MARQUET.

NOËL & MARQUET est une marque du groupe NMC, une entreprise familiale qui place le développement durable au cœur de tout ce que nous entreprenons. Conformément à la stratégie de durabilité de notre groupe, nous avons orienté et concentré nos efforts sur trois domaines d'intervention, à savoir la circularité, la décarbonisation et l'empowerment.

^{ES} Calidad superior, diseño de alta gama y desarrollo sostenible. Estos son los rasgos constantes que caracterizan cada uno de nuestros elementos decorativos NOËL & MARQUET.

NOËL & MARQUET es una marca del Grupo NMC, una empresa familiar que sitúa la sostenibilidad en el centro de todo lo que hacemos. En consonancia con la estrategia de sostenibilidad de nuestro grupo, hemos dirigido y concentrado nuestros esfuerzos en tres áreas de interés: circularidad, descarbonización y empoderamiento.

^{PT} Qualidade de excelência, design de topo e desenvolvimento sustentável. Estes são os traços constantes que caracterizam cada um dos nossos elementos decorativos NOËL & MARQUET.

NOËL & MARQUET é uma marca do NMC Group, uma empresa familiar que coloca a sustentabilidade no centro de tudo o que faz. De acordo com a estratégia de sustentabilidade do nosso grupo, direccionámos e concentrámos os nossos esforços em três áreas principais, nomeadamente a circularidade, a descarbonização e a empoderamento.

Reponsible Business

^{EN} By complying and going beyond statutory and regulatory requirements, we conduct our business in a responsible way, making our best to meet our needs without compromising the ability of future generations to meet their own:

- Our main production site in Eynatten has received an ISO 14001 certification: the international standard for environmental management systems.
- Since our foundation we have always focused on producing our decorative profiles locally at our site in Eynatten, Belgium, under fair wages and safe working conditions.
- Our products have achieved VOC A+ certification, guaranteeing the highest level of safety for indoor environments and human health.
- Our skirtings have been awarded the German quality label "Blauer Engel" as environmentally friendly products.

Empresa responsable

^{ES} Al cumplir e ir más allá de los requisitos legales y reglamentarios, llevamos a cabo nuestra actividad de forma responsable, haciendo todo lo posible por satisfacer nuestras necesidades sin comprometer la capacidad de las generaciones futuras para satisfacer las suyas.

- Nuestro principal centro de producción de Eynatten ha recibido la certificación ISO 14001: la norma internacional para sistemas de gestión medioambiental.
- Desde nuestra fundación, siempre nos hemos centrado en producir nuestros perfiles decorativos localmente en nuestro centro de Eynatten (Bélgica), con salarios justos y condiciones de trabajo seguras.
- Nuestros productos han obtenido la certificación VOC A+, que garantiza el máximo nivel de seguridad para los ambientes interiores y la salud humana.
- Nuestros zócalos han obtenido la etiqueta de calidad alemana "Blauer Engel" como productos respetuosos con el medio ambiente.

Commerce responsable

^{FR} En respectant et en allant au-delà des exigences statutaires et réglementaires, nous menons nos activités de manière responsable, en faisant de notre mieux pour répondre à nos besoins sans compromettre la capacité des générations futures à répondre aux leurs:

- Notre principal site de production à Eynatten a obtenu une certification ISO 14001 : la norme internationale pour les systèmes de gestion environnementale.
- Depuis notre fondation, nous avons toujours mis l'accent sur la production locale de nos profilés décoratifs sur notre site d'Eynatten, en Belgique, en respectant des salaires équitables et des conditions de travail sûres.
- Nos produits ont obtenu la certification VOC A+, garantissant le plus haut niveau de sécurité pour les environnements intérieurs et la santé humaine.
- Nos plinthes ont remporté le label de qualité allemand "Blauer Engel" en tant que produits écologiques.

Empresa responsável

^{PT} Ao cumprir e ultrapassar os requisitos legais e regulamentares, conduzimos a nossa atividade de forma responsável, fazendo o melhor para satisfazer as nossas necessidades sem comprometer a capacidade das gerações futuras de satisfazerem as suas.

- A nossa principal unidade de produção em Eynatten recebeu uma certificação ISO 14001: a norma internacional para sistemas de gestão ambiental.
- Desde a nossa fundação, sempre nos concentrámos em produzir os nossos perfis decorativos localmente nas nossas instalações em Eynatten, Bélgica, com salários justos e condições de trabalho seguras.
- Os nossos produtos obtiveram a certificação VOC A+, garantindo o mais alto nível de segurança para ambientes interiores e para a saúde humana.
- Os nossos rodapés receberam o selo de qualidade alemão "Blauer Engel" como produtos amigos do ambiente.

Circularity - protect our resources

- ^{EN} Materials are sourced, processed and disposed of responsibly up and down the NOËL & MARQUET value chain.
- Our Polycert and ISCC certificates prove that we source our raw materials from a combination of mass balance and recycled sources, both from post-industrial and post-consumer waste.
 - An internal recycling facility guarantees that 100% of our polystyrene production waste and scraps are reused and that nothing goes to landfill.
 - Milling dust and scraps from the production of polyurethane products (ARSTYL[®], DOMOSTYL[®]) are collected and processed into insulation products by external partners.
 - We are committed to Operation Clean Sweep to implement best practices and necessary pellet loss prevention measures.
 - All our cardboard packaging are FSC Mix certified and contain more than 70% of recycled materials (trend is rising).

Circularidad - proteger nuestros recursos

- ^{ES} Los materiales se obtienen, procesan y eliminan de forma responsable en toda la cadena de valor de NOËL & MARQUET.
- Nuestros certificados Polycert e ISCC demuestran que obtenemos nuestras materias primas de una combinación de balance de masa y fuentes recicladas, tanto de residuos post-industriales como post-consumo.
 - Una instalación interna de reciclaje garantiza que el 100% de nuestros residuos y desechos de producción de poliestireno se reutilicen y que nada vaya a parar al vertedero.
 - El polvo de fresado y los desechos de la producción de productos de poliuretano (ARSTYL[®], DOMOSTYL[®]) son recogidos y transformados en productos aislantes por socios externos.
 - Estamos comprometidos con la Operación Clean Sweep apliquen las mejores prácticas y las medidas necesarias de prevención de pérdidas de pellets.
 - Todos nuestros envases de cartón tienen la certificación FSC Mix y contienen más de un 70% de materiales reciclados (la tendencia va en aumento).

Circularité - protéger nos ressources

- ^{FR} Les matériaux sont sourcés, traités et éliminés de manière responsable tout au long de la chaîne de valeur de NOËL & MARQUET.
- Nos certificats Polycert et ISCC prouvent que nous nous approvisionnons en matières premières à partir d'une combinaison de matériaux mass balance et recyclés, provenant à la fois de déchets post-consommateurs et post-industriels.
 - Une installation de recyclage interne garantit que 100 % de nos déchets et chutes de production de polystyrène sont réutilisés et que rien ne va à la décharge.
 - La poussière de fraisage et les déchets issus de la production de produits en polyuréthane (ARSTYL[®], DOMOSTYL[®]) sont collectés et transformés en produits d'isolation par des partenaires externes.
 - Nous nous engageons pour Operation Clean Sweep pour mettre en œuvre les meilleures pratiques et les mesures nécessaires de prévention de pertes de granulés.
 - Tous nos emballages en carton sont certifiés FSC Mix et contiennent plus de 70 % de matériaux recyclés (tendance à la hausse).

Circularidade - protege os nossos recursos

- ^{PT} Os materiais são obtidos, processados e eliminados de forma responsável ao longo de toda a cadeia de valor da NOËL & MARQUET.
- Os nossos certificados Polycert e ISCC provam que obtemos as nossas matérias-primas a partir de uma combinação de balanço de massa e fontes recicladas, tanto de resíduos pós-industriais como pós-consumo.
 - Uma instalação de reciclagem interna garante que 100% dos nossos resíduos e restos de produção de poliestireno são reutilizados e que nada vai para aterro.
 - As poeiras de moagem e as aparas provenientes da produção de produtos de poliuretano (ARSTYL[®], DOMOSTYL[®]) são recolhidas e transformadas em produtos de isolamento por parceiros externos.
 - Estamos empenhados na Operação Clean Sweep para implementar as melhores práticas e as medidas necessárias de prevenção de perdas de pellets.
 - Todas as nossas embalagens de cartão têm certificação FSC Mix e contêm mais de 70% de materiais reciclados (a tendência está a aumentar).

Decarbonisation - protect our climate

^{EN} With innovative and technologically advanced installations, we strive to always work on designing durable products and maintaining environmentally friendly processes.

- All our decorative elements made in Belgium are produced to 100% using renewable energy sources. On site, we are equipped with one of Belgium's largest private photovoltaic installations.
- 97% of the water used in the production of our extruded decorative elements is recovered, recycled and reintegrated into the next production cycle.
- As we aim to optimise and reduce our energy consumption and CO2 emissions, we have set up an energy monitoring system.

Décarbonisation - protéger notre climat

^{FR} Grâce à des installations innovantes et technologiquement avancées, nous nous efforçons de toujours travailler à la conception de produits durables et au maintien de processus respectueux de l'environnement.

- Tous nos éléments décoratifs fabriqués en Belgique sont produits à 100 % à partir de sources d'énergie renouvelables. Nous sommes équipés d'une des plus grandes installations photovoltaïques privées de Belgique.
- 97 % de l'eau utilisée dans la production de nos éléments décoratifs extrudés est récupérée, recyclée et réintégrée dans le cycle de production suivant.
- Nous avons mis en place un système de monitoring énergétique afin d'optimiser et de réduire notre consommation d'énergie et nos émissions de CO2.

Descarbonización - proteger nuestro clima

^{ES} Con instalaciones innovadoras y tecnológicamente avanzadas, nos esforzamos por trabajar siempre en el diseño de productos duraderos y en mantener procesos respetuosos con el medio ambiente.

- Todos nuestros elementos decorativos fabricados en Bélgica se producen al 100% utilizando fuentes de energía renovables. En nuestras instalaciones contamos con una de las mayores instalaciones fotovoltaicas privadas de Bélgica.
- El 97% del agua utilizada en la producción de nuestros elementos decorativos extruidos se recupera, recicla y reintegra en el siguiente ciclo de producción.
- Como nuestro objetivo es optimizar y reducir nuestro consumo de energía y las emisiones de CO2, hemos establecido un sistema de control de la energía.

Descarbonização - protege o nosso clima

^{PT} Com instalações inovadoras e tecnologicamente avançadas, esforçamo-nos por trabalhar sempre na conceção de produtos duradouros e na manutenção de processos amigos do ambiente.

- Todos os nossos elementos decorativos fabricados na Bélgica são produzidos a 100% com recurso a fontes de energia renováveis. No local, estamos equipados com uma das maiores instalações fotovoltaicas privadas da Bélgica.
- 97% da água utilizada na produção dos nossos elementos decorativos extrudidos é recuperada, reciclada e reintegrada no ciclo de produção seguinte.
- Com o objetivo de otimizar e reduzir o nosso consumo de energia e as emissões de CO2, criámos um sistema de monitorização da energia.

Empowerment - protect our people

^{EN} At NOËL & MARQUET, we combine premium quality and high-end design always with the well-being of our people at the centre of our priorities.

- We strive to implement a zero-harm culture as we are convinced that all work-related accidents and illnesses can and should be avoided.
- Throughout their career, we value the know-how, expertise and skills of our colleagues and assure conditions in which our people can further develop their competences, grow professionally and operate in a pleasant and familiar working environment.
- We aim to foster a sense of community within our workforce but also a larger sense of solidarity. By participating in events such as the Relay for Life from the Belgian Foundation against Cancer, we collectively raise funds and awareness for important causes around us.

Empoderamiento - proteger a nuestra gente

^{ES} En NOËL & MARQUET, combinamos calidad superior y diseño de alta gama siempre con el bienestar de nuestra gente en el centro de nuestras prioridades.

- Nos esforzamos por implantar una cultura de cero daños, ya que estamos convencidos de que todos los accidentes y enfermedades laborales pueden y deben evitarse.
- A lo largo de su carrera, valoramos los conocimientos, la experiencia y las habilidades de nuestros compañeros y garantizamos unas condiciones en las que nuestra gente pueda seguir desarrollando sus competencias, crecer profesionalmente y trabajar en un entorno laboral agradable y familiar.
- Pretendemos fomentar un sentido de comunidad entre nuestros trabajadores, pero también un sentido más amplio de solidaridad. Participando en actos como el Relevo por la Vida de la Fundación Belga contra el Cáncer, recaudamos colectivamente fondos y concienciamos sobre causas importantes de nuestro entorno.

Empowerement - protéger nos collaborateurs

^{FR} Chez NOËL & MARQUET, nous combinons qualité premium et design haut de gamme en plaçant toujours le bien-être de nos collaborateurs au centre de nos priorités.

- Nous nous efforçons de mettre en œuvre une culture « zero harm » car nous sommes convaincus que tous les accidents et maladies liés au travail peuvent et doivent être évités.
- Tout au long de leur carrière, nous valorisons le savoir-faire, l'expertise et les aptitudes de nos collègues et nous assurons des conditions dans lesquelles nos collaborateurs peuvent continuer à développer leurs compétences, s'épanouir professionnellement et évoluer dans un environnement de travail agréable et familier.
- Nous visons à développer un sens de la communauté au sein de notre personnel, mais aussi un sens plus large de la solidarité. En participant à des événements tels que le Relais pour la vie de la Fondation belge contre le cancer, nous récoltons collectivement des fonds et sensibilisons à des causes importantes autour de nous.

Empoderamento - protege o nosso povo

^{PT} Na NOËL & MARQUET, combinamos qualidade premium e design de alta qualidade, sempre com o bem-estar dos nossos colaboradores no centro das nossas prioridades.

- Esforçamo-nos por implementar uma cultura de zero danos, pois estamos convencidos de que todos os acidentes e doenças relacionados com o trabalho podem e devem ser evitados.
- Ao longo da sua carreira, valorizamos o know-how, a experiência e as competências dos nossos colegas e asseguramos condições para que os nossos colaboradores possam desenvolver as suas competências, crescer profissionalmente e trabalhar num ambiente de trabalho agradável e familiar.
- O nosso objetivo é promover um sentido de comunidade no seio da nossa força de trabalho, mas também um sentido mais amplo de solidariedade. Ao participar em eventos como o Relay for Life da Fundação Belga contra o Cancro, angariamos coletivamente fundos e sensibilizamos para causas importantes à nossa volta.
